

Philosophy

Salam School Mission Statement:

By empowering our students to achieve scholastic and Islamic excellence, Salam School seeks to develop citizens who embody the spirit of Islam and strive to improve their society through faith, perseverance and service to others.

Salam School Vision Statement:

Salam School is an Islamic educational institution adhering to the tenets of the Quran and the Sunnah, truly believing that Allah is the God, the one and only (Quran 112.1). There is no God but He... the Living, Self Subsisting and Eternal (Quran 2.255. Salam School dedicates itself to quality academic education in an Islamic environment. Salam School welcomes and respects students from all religious, economic, and cultural backgrounds.

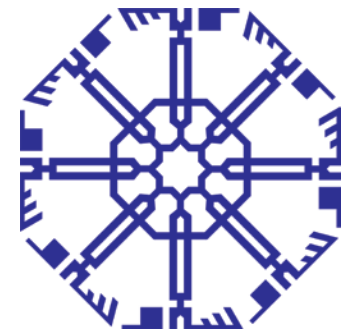

Salam School K-4 Program

Where Faith and Learning
Come together

Salam Elementary, Middle and High Schools are accredited through Wisconsin Religious and Independent Schools Association (WRISA) and NCA

We provide a faith-filled environment that focuses on:

- The wonders of Allah
- Islamic values in everyday experiences
- Learning to make good choices
- Sharing and making new friends
- Growing confident in what we do
- Character Education Core Values

Our commitment is to creating a classroom environment where every child's individual interests, abilities, learning styles, and levels of learning in growth and development are satisfied.

Many activities involve hands-on/minds-on learning. We believe there should be a balance between child-initiated and teacher-initiated learning, in both small group and large group instruction, providing opportunity for discovery, exploration, and manipulation.

Academics

Our curriculum follows the Wisconsin Model Early Learning Standards and the Common Core State Standards. We provide a balanced, hands-on/minds-on approach so your child can learn through play. We offer a full curriculum which includes: reading, math, science, social studies, Islamic Studies, Arabic and Quran, as well as providing instruction in art, music, physical education, and technology.

Curriculum Overview...

- ❖ Letter recognition and word development
- ❖ High-frequency words
- ❖ Reading strategies
- ❖ Leveled Reading Books, Reading A-Z ®
- ❖ Identify and write numbers 1-25
- ❖ Identify basic shapes
- ❖ Months of the year, seasons and weather
- ❖ Sort and classify objects
- ❖ Patterns
- ❖ Understand the value of penny, nickel and dime
- ❖ Citizenship (manners and social skills)
